ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2020-0017; FRL-11228-01-OW]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Revision to the Information Collection Request for the 2020 Drinking Water Infrastructure Needs Survey and Assessment (DWINSA)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), "Revision to the Information Collection Request for the 2020 Drinking Water Infrastructure Needs Survey and Assessment (DWINSA)" (EPA ICR Number 2616.02; OMB Control Number 2040-0302) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a request for emergency approval of a revision to the currently approved collection, allowing the Agency to conduct a one-time follow-up to the lead service line (LSL) questionnaire of the 2020 DWINSA. A fuller description of the proposed revision is given below, including its estimated burden and cost to the public.

FOR FURTHER INFORMATION CONTACT: John Towe, Office of Water, Office of Ground Water and Drinking Water, Environmental Protection Agency; telephone number: 202-564-2298; email address: towe.john@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed revision of the ICR, which is currently approved through December 31, 2023. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Abstract: Pursuant to section 3507(j) of the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), as implemented in the Office of Management and Budget (OMB) regulations at 5 CFR 1320.13, EPA is requesting emergency processing of a proposed information collection revision.

The purpose of this information collection revision is to better identify the presence of LSL in States across the country. EPA's Office of Ground Water and Drinking Water already collected data to comply with sections 1452(h) and (i)(4) of the Safe Drinking Water Act (42 U.S.C. 300j-12) and the America's Water Infrastructure Act (AWIA) of 2018. This revised data collection effort will only include updates to the lead service line (LSL) counts of the 2020 DWINSA. For the LSL count update, EPA will collect and evaluate the number of LSL for water systems that are in all 50 States, the U.S. territories (Guam, U.S. Virgin Islands, Northern
